

CAPTAIN SIGSBEE, THE UNIQUE FIGURE
AT MAINE MEMORIAL CEREMONIES

Captain Sigsbee on deck of ill-fated Maine.

There was unveiled at the entrance to Central Park, New York, the beautiful monument to the men who went down aboard the ill-fated Maine in Havana bay, in February, 1898. The photograph shows the commander of the vessel, Captain Sigsbee, on the bridge of the Maine a short time before the calamity occurred. He participated in the unveiling and was the most interesting and unique figure at the impressive ceremony.

ON THE BENCH

Where They Play Tomorrow.
Topeka at Lincoln.
Denver at Wichita.
Sioux City at St. Joseph.
Omaha at Des Moines.

Only three days more and the Kaws will return to their own playground. They will open with Denver. It is up to the Boosters and Rooters' clubs and the other fans to fill the park and give them the reception they are entitled to.

Gear had completed arrangements for sending Richardson to Junction City in the Kansas State League, but his recent performances have caused him to hesitate and will hold him for a little while longer. If the big fellow continues to improve, he won't go and will be one of the best on the circuit.

Luther Taylor was suffering with pleurisy and the pains in his side wouldn't allow him to work. He was taken out and will be started again soon, perhaps today. Taylor assures Manager Gear that he can deliver the goods.

St. Joseph News-Press: Here's cause for rejoicing in St. Joseph's new baseball colony: The Western League is to have two new umpires—O'Toole and Colliflower. Colliflower, who is really not a new

addition to O'Neill's staff, will umpire the St. Joseph-Wichita series beginning tomorrow. Colliflower was hired by the prey at the time he made his selection of arbitrators for the season, but he has been unable to report sooner on account of the serious illness of his mother. His home is in Washington, D. C. He is an old hand at the game and, like Anderson, comes from the American Association.

O'Toole, along with the others of the staff of W. L. umpires, was not re-employed this season.

St. Joseph Gazette: If there were any fans who missed the game because Topeka was here, they made a mistake, for on their showing in the first game, the Kaws have one of the best clubs in the league.

You can never tell by looking. Just how far a bullfrog jumps. But when Pa's boys start hooking games, the enemy get their bumps. "Pap" Griswold in Omaha World-Herald.

O. when, "Pap," will they start. We're waiting, patiently waiting. For that day seems far away. —Wertz in Wichita Beacon.

Sioux City Journal: There is talk of a benefit for Chris Lindsay, who will not be able to play baseball again this season. A benefit for this popular player doubtless would meet with unanimous support of the fans, and his backers should be given every encouragement.

Lincoln News: Here's an idea that deserves to travel all the way around the league. Doubtless the Lincoln players and many of the fans would like to get in on the Lindsay benefit and contribute something substantial. Chris has been coming to this town for the past six seasons and playing clean baseball on his every appearance.

Sioux City Tribune: Every club in the league has lined up against the Packers on the home grounds now, excepting Denver, and it is certain that comparison with the stronger teams does not put the locals in the shade. As a matter of fact, the Sioux look mighty strong against the best team that has been here this season, Lincoln. "Ducky" Holmes has a first division aggregation, going the way the players are now.

Pitcher Rogge, of the Des Moines Isabella, has hung up seven successive victories, thereby establishing a record for the present Western league season.

Marty O'Toole has made eight starts this season and has been taken out six of the eight times.

Sandy Griswold remarks: Jack Hendricks says he does not believe Omaha will cut much of a figure in the Western league race, notwithstanding the fact that he lammed the lime juice out of his over-lammed Grizzlies for three straight. But that's course that's what's eatin' Jack. He says that Omaha is winning many a lucky game that would have gone the other way had they not gotten the breaks. Will Jack kindly tell us what makes baseball? Isn't it the breaks every time? The Rockies may not win the pennant this season. They hardly look strong enough to land out in first place next October, but one is pretty sure of cashing his bet if he picks the team is playing ragged ball, even bone-head ball now and then, and it is losing regularly, but what of it? Knocking the players won't help in the least. If it did, from all appearances we would have a pennant winner here every year, for there appears to be a large

GOLDEN BELT DAY

Good Roads Time Will Be Designated for Route.

To Work and Mark Entire Route in Each County.

Abilene, May 30.—A Golden Belt road day, a day on which this entire route from Kansas City to the Colorado line shall be worked and dragged is now being arranged by C. M. Harger of Abilene, who is president of the Golden Belt Highway association. It is planned to set aside one day during which the good roads men of each county traversed by the Golden Belt road shall get out and work the highway, and put it into good condition. The idea originated with John M. Gartner of Junction City and was taken up enthusiastically by the Golden Belt officials, who are now making arrangements with the vice president of each county for such a day.

It was planned to have the road dragged and put into good shape before the Indiana Manufacturers' association passes over it on its automobile trip to the coast. This body will make the trip this summer, passing through here about July 1, and it is the intention of the Golden Belt men to make this road the best strip over which the tourists pass on their long journey.

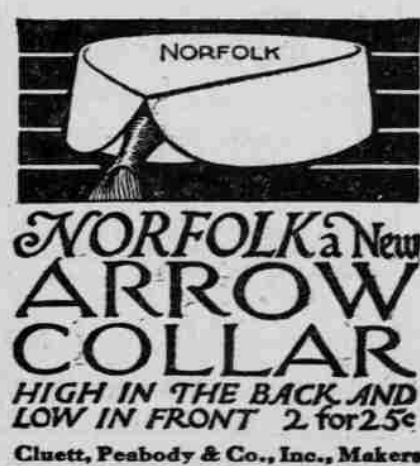

HERE IS A GAME VETERAN.

J. V. Murry of Agenda Accepts De-troit's Challenge.
Agenda, Kan., May 30.—J. V. Murry of this city will accept the challenge of J. S. Smith of Detroit for a foot race, which was issued to any Confederate soldier.

Mr. Murry agrees to accept the challenges if the distance is not greater than 75 yards, but will decline to run a greater distance. He says that a quarter of a mile would be an endurance contest and that he does not feel physically able to indulge in such. If Mr. Smith will agree to the distance of 75 yards, Mr. Murry agrees to meet him at any time or place and will insist on a side bet of not less than \$100.

CAPON DEMONSTRATION.

George Beuy of Cedarvale Will Attend Poultry Meeting.
Manhattan, Kan., May 30.—Probably the most valuable part of the program of the meeting of the state poultry federation at the Kansas
